## 1. Introduction – Welcome

**It is a pleasure to welcome you all to International auto24 Rally Estonia 2012.**

The Headquarters of auto24 Rally Estonia is in Otepää. Otepää is a small town in South Estonia.

Auto24 Rally Estonia is round 3 of Estonian Rally Championship and Estonian Michelin Cup 2012, round 2 of Baltic Rally Championship and round 5 of Latvian Rally Championship and Latvian Michelin Cup 2012.

For the first time Auto24 Rally Estonia hosts the round of FIA European Historic Sporting Rally Championship.

National auto24 Rally Estonia is open for drivers holding a valid national (NEZ countries) or international licence.

Auto24 Rally Estonia consists of 12 stages, 3 of them will be run twice (9 stages for Latvian Championship). The roads are twisty and because of the hilly nature they offer a great pleasure of driving.

The Service Park with all other necessary services, including Car Wash, First Aid centre etc. are around HQ. The Start and the Finish Podium of auto24 Rally Estonia, is in Otepää.

Rally Guide 1 is mainly produced for the teams, competitors and media. It contains information necessary for the preparation before the event.

**Rally Guide has no regulatory power and is only to be considered as information.**

- 1 seconds before start – 5th red light switches on
- Start – all red lights switch off .

A false start, particularly one made before the signal has been given, will be registered 50 cm ahead of starting line. Blue lights start blinking.

If the start light sequence is different from that, it must be described in the supplementary regulations.

## Accident Procedure

- Any crew which has the red “SOS” sign displayed to them, or which sees a car which has suffered a major accident where both crew members are seen inside the car but are not displaying the red “SOS” sign, shall immediately and without exception stop to render assistance. All following cars shall also stop. The second car at the scene shall proceed to inform the next radio point. Subsequent cars shall leave a clear route for emergency vehicles.
- If the car has stopped in a special stage a red reflective triangle must be placed in a conspicuous position by a member of the crew at least 50 meters before the car’s position. The triangle must be placed to the road even in the case, when car is not in the racing line. The triangle must be placed to the same side of the road, where is the car. If possible, it should be placed to the same distance from road edge with the furthest part of the stopped car.
- In the case of an accident where immediate medical intervention is not required, the “OK” sign must be clearly shown by a crew member to the following vehicles. If the crew leaves the vehicle, the “OK” sign must be displayed so that it is clearly visible to other competitors.

## Retirements and Superally

- Retired crews are allowed to restart from the beginning of next Day. A crew which has failed to complete a Day will be assumed to re-start the rally from the start of the next Day unless they confirm otherwise with the clerk of the course by completion of the form located in the rear of the time card and lodging it with the organiser as soon as possible before the publishing of the start list for the next Day.

- For all crews which restart a time penalty will be applied as follows:

For every stage missed: 5 minutes. This time penalty will be added to the fastest time of the drivers' class. Should retirement occur after the last special stage of a Day, the 5-minutes time penalty will be added.

- For the restarting, the cars must be presented to the Scrutineers at least 9.00 on 21.07.
- Cars are allowed to re-start after getting a permission from Clerk of the Course, Chief Scrutineer and Chief Medical Officer.

### Money and currency in Estonia

- The currency in Estonia is Euro.
- Credit cards: Euro card, MasterCard or Visa widely accepted, and American Express (not everywhere).

### Other Information

- Water: Tap water is safe for drinking
- Health: No vaccination is required
- Power: 220 V (volts).  
Plugs and sockets are of a two pin design
- Smoking is not permitted by law in enclosed public places and workplaces.

More facts about Estonia are available on [www.visit-estonia.com](http://www.visit-estonia.com)

### Safety

- Every business has to give you a receipt from a cash register. Always take it and make sure it tallies with what you have been asked to pay.
- When driving, make sure you have had absolutely no alcohol beforehand. We believe in zero tolerance and strictly enforce it.
- Don't cross the road unless the pedestrian light is green. Even if you think it is safe to cross on the red light, you never know where traffic may come from. Do wait the necessary few seconds and then you will be absolutely safe.
- Our police are there to help you. Don't hesitate to approach them if you are worried. Most speak English well or, if they don't, will quickly find a colleague who does.
- The emergency number for reaching the police is 110, which works from mobiles too, and remember 112 instead for the fire brigade or an ambulance.
- In the countryside, be very careful about smoking in dry weather. Do you really want to cause a forest fire?

### Useful Estonian phrases

Hello - Tere  
Thank you - Aitäh, tänan

Goodbye - Nägemist, head aega  
Where are you from? - Kust te pärit olete?  
What is your name? - Mis su nimi on?  
Bon appetit - Head isu!  
I don't speak estonian - Ma ei räägi eesti keelt  
I don't understand - Ma ei saa aru  
I love you - Ma armastan sind  
Help! - Appi!  
Call the police! - Helistage politseisse!  
Happy Birthday - Palju õnne sünnipäevaks

## 12.2 The Municipality of Otepää

Otepää is a small town set in the hills of south Estonia.

It is the most well-known winter sports centre in the Baltics and the Winter Capital of Estonia. Otepää got its name, which in Estonian means "bear's head" after the shape of the castle hill - which reminds you of a bear's head. It's also where in 1224, Bishop Hermann started building the first known brick castle in Estonia, The Stone Fort.

In summer you can hike along the paths of the Otepää Nature Park, see the landscape of rolling hills and lakes, romantic winding village roads and small rivers. Beautiful views open from observation towers on top of Tehvandi and Harimägi hills. You can also take part in different sports or simply have a good time at lake Pühajärve, which is a jewel among Estonian lakes. Pühajärv was also the first Estonian lake to earn the Blue Flag in 2000. Those who believe in supernatural power should pay a visit to the so-called "energy pillar" in Otepää. It is believed that when you touch it, it will give you a great shot of energy and good health.

In wintertime Otepää is a winter sports paradise for skiers, snowmobile riders and for anyone who enjoys the snow: there are slalom slopes equipped with elevators and lots of cross-country tracks.

Tehvandi Centre is recognised as an all year round training area among high level sportsmen and Kääriku has, for more than half a century, been a favourite of Estonian winter sports fans. Otepää and it's surroundings are where Estonian Olympic medalists (such as Jaak Mae, Andrus Veerpalu and Kristiina Šmigun) live and train.

### 12.3 Medical information

- Should you need an ambulance or any emergency help, call 112. The operators will speak English but for speed it will obviously help if an Estonian helps with the call.
- Police are very helpful and trained to give first aid.
- Citizens from other EU countries are treated as well as we treat ourselves – for nothing. However when you go to an outpatients clinic, do take your passport with you to prove your EU identity. You will have to pay for prescribed medicines but charges are not high.
- Charges are made to non EU citizens but unless you are critically ill and have to stay in hospital, these will usually be so low that you will not need to claim them back on insurance.
