---

The Stewards, having received a request from the competitor "Team MRF Tyres" to send a representative of MRF Tyres to stop controls to check the tyres of the car, have considered the following matter, and determine the following:

"MRF Tyres" is a team, according to Art. 2.22 of FIA RRSR 2020, therefore Art. 56.2 of the FIA RRSR 2020 will apply. Whereas, a representative of the team personnel is prohibited within 1 km of the car outside service zone.

However, MRF Tyres are in the FIA list of homologated tyres, so MRF Tyres has to be considered an official tyre manufacturer.

**Decision:** The Stewards decided to exceptionally allow 1 engineer of MRF Tyres per special stage to enter the stop control zone for the purpose of measuring the temperature of MRF tyres only, during the event of FIA ERC Rally Liepaja 2020. No other work is allowed.

The COC is asked to provide the engineer of MRF Tyres with all necessary passes.

Competitors are reminded that they have the right to appeal certain decisions of the Stewards, in accordance with Article 15 of the FIA International Sporting Code and Article 9.1.1 of the FIA Judicial and Disciplinary Rules, within the applicable time limits.

**Uwe M. SCHMIDT**  
FIA Chairman of the Stewards

**Kostyantyn BEVZ**  
FIA Steward

**Arnas PALIUKENAS**  
ASN Steward
